

TECHNICAL NOTES

| NOTES          | CONTENT  |
|----------------|--|
| GENERAL NOTES  |  |
| Wood treatment | <ul style="list-style-type: none"> <li>- The wood must be treated with pesticides and kiln-dried to ensure adequate humidity.</li> <li>- Wood sealer should be applied for later use.</li> <li>- Use white glue to join the pieces before screwing and nailing.</li> </ul> |
| Others         | - The winnower was designed for use with a hand-operated sunflower seed decorticator, it forces the air into the wind case, expelling the seed hull.   |
